A REMARKABLE FLOOR COVERING,—The astonishing durability and beauty of the American make of "Littoleum" demands special commendation. It is a floor covering of wondorful excellence, but as inferior foreign initiations are on the market, it is well to know that these imported goods, beside being of a poor quality, will look increasingly dirty and dingy in use, while our own make will be clean, bright, and satisfactory. Domestic goods are all six feet wide, and the Walton trade mark with the word "Linoleum" is printed on the back of every square yard, All carpet dealers keep it.
